Fashions by Lee

When we say "fashions," we are not talking about clothing, but a combination of ideas that season the food is eaten, style drapes the table, and the beverage is served, as well as all the folks.

The costs are a random and fluid source to which we add our thoughts and ideas. The ideal table should be found to be a perfect little flower, a pure white, and a perfect leather. However, it doesn't matter how stylish your clothes are, you must first be comfortable. If your favorite color is purple, that is a fine sentiment. In fact, this seems to be every girl's favorite color. However, if we slip and take inventory, what do we find?

CVC Yearbook

The Clinch Valley College Yearbook will contain an accoun­
t of the first two years of CVC, individual photos of the stu­dents, pictures of clubs, student groups and activities at CVC, pictures of faculty and administration and class activi­ties. It will be a book to make the first two years of CVC live in your memory, says editor, Ed Gilmour.

Another problem confronting the annual staff is what to name the yearbook. Names were sub­mitted by students in a recent contest. The final list will then be voted on by the students for a title that will get a prize of $50 or receive a free copy on the Yearbook.

The Yearbook Staff now in­cludes the following people: Carl Hooft, Jack Sturgill, Ed Luidham, Tonya Kilgore, Jim Grees, Arnette Rose, Ken Jones.

Library News

The general activity in the li­brary has increased this semester. English Literature students have been reading On Swift, Dryden and the English book. There has been a definite increase in the 18th century nov­els and plays as other English students have been reading Great Expectations.

Ronald Sturgill has recently read Lady Chatterly's Lover. He wrote: "Lady Chatterly should be on the shelves of every college for bud­ding girls. They should be forced to read it on pain of being re­frain from marriage." It seems as if the Indians are not Baltimore as English class continue to revile them in their term paper. The work has been done by both the sophomores and the juniors. There is a steady flow of people on the correction and problems of juvenile delinquency should be enough to completely stop all juvenile behavior — delinquents or normal.

The old history stand-byes, namely the Dictionary of Ameri­can Biography with the statistics of Carriaggs and Hamilton Pin, have been really getting a work-out. It seems that almost every library today is a store in the library in preparation of two-point book reports.

Dr. Miller's speech class has been doing a considerable a­mount of reading and in planning for the spring speeches. The junior class should have the segrega­tion problems solved or at least they have done enough research in it during the past week.

The library has started the on-the-Book Tobacco. A good collection of paper-back books that have been supplied by the library on a swap and read basis. Ev­eryone gets paper-back books is invited to bring them in for exchange.

Student Council
To Elect March 12

An election will be held March 12, 1956, to select class repre­sentatives to the Student Coun­cil. Voting must be done between 9 A.M. and 3 P.M. on that day.

According to the Constitution recently put into effect the Student Council must consist of the student body president, vice­president, secretary and treasurer. In ad­dition two members from each of the freshmen and sophomores shall be members.

The following students have ful­filled the requirements for nomination by totaling a vot­ing of fifteen or more signatures and registering with the secretary of the student body. Candidates from the freshman class are Frank Cloud, Jr., Del­man Graham, Elizabeth Mallard. Sophomore class candidates are Robert Estes, Ed Gillum, Victor Hamilton, and Ronald Sturgill. Members of each class will vote for the representatives of their respective class.

Be Sure to Vote!

Trips

(Continued from page 1)

The following students are candidates for "Beverley's Last Supper" — Jasper Braman and Paul West. The best morning, after being awakened by the singing of hymns in the church, was the visit­ing players went to church in the morning of the boys' dorm, ate hot cakes in the cafetaria and started the journey back to Wise. Do you know how many times you can wipe the mud off your shoes in one of the mudrooms of the house? We learned that they're too numerous to count. We were not the only problem. The mudroom when we arrived was raining and we'll soon real­ize that there are too many rooms in the court. The roads weren't the only problem. "Yes, we're going to Cline­ton to play ball. In January 1956, Clincho was scheduled for the first place in new school and especially gymnasium. We soon learned that we must dress in a class­room because no dressing rooms or showers were available. You realize how wet and cold a person can get when he is do­ing go fifty yards through rain in January with only a basketball uniform on? Try it sometimes and I'll bet you'll real­ize you're knees shaking and not some atomic-age dance step you're doing. "I'm wondering how ten basketball players and two referees go on that basketball court at the same time."

Science Fair Is Set

For March 17

The local science fair scheduled for March 17, 1956, as previously announced by Pro­fessor T. W. Gilmore. The fair will be divided into four divi­sions — a physical and biologi­cal science department for boys and girls.

A great deal of interest has been expressed by authorities of area high schools. However, Pro­fessor Gilmore said that it was too early to be able to determine just how many participants there will be. At present, six exhibitors are expected to be entered from Clinchwood High School.

The first and second place winners in each of the four divi­sions will receive a medal. In addition these eight students will be escorted on a two or three day trip to the regional science fair to be held at Roan­oke College on April 7.
