Thanks To Teachers

Before all is said to have been said to you by your teacher as you go your way, there is one more practical piece of advice to remember. It is this: try to understand your own education. If you are a student, you will find that you are actually responsible for your own learning. It is not enough to sit in the classroom and absorb the facts presented to you by your teacher. You must also apply your mind to the subject, think it over, and analyze it. Only through this process can you truly learn.

End of Dance Planned
At The Inn, June 6

The final campus dance will be held tonight at The Inn. It is scheduled to begin at 8 p.m. and end at midnight.
