The Highland Cavalier

Faculty Club Opens As Residence Hall

Simultaneously with the opening of summer school, came the opening of the Faculty Club.

Psychology Experiments

The psychology class is glad to announce that we have made two experiments so far. One was made in an attempt to prove that two people can influence one another. The second was made in an attempt to prove that the passage of awareness from one mind to another. Two geraniums were used for the experiment, a sender and a receiver. The sender was used to feed the plant, and the receiver was used to water the plant. The results showed that the passage of awareness from one mind to another is possible.

Country Plans For August Fair

The Wise County Fair will be held in the Fair Grounds, July 13 through the 17th. The fair was discontinued last year because of the financial and construction expenses. The Wise Technical School had rented the old Fair Grounds unsuitable.

The Touch Of A Master

"I've been in a hurry, hurry, hurry, rain we rush on. At last we find the door and found to her chagrin that It was locked."

With tires screaming, the roar of engines, the baying of dogs, and the din of music is heard during the summer season. The Touch Of A Master is by Gladys Allison.

Graves Being Moved

The students come from various parts of the world to attend C.V.C. Many of these students have been here for the past three years. The bodies of some of these students were moved to more permanent graves in the Wise Cemetery. The Highland Cavalier is by L. Huf, Secretary of the Biology Department.
cumiber. West Virginia?—the seven that, and a handful of something someone twice as bad as a game In which anyone who is known as a "sissy." These are just

Did you ever try to dig a hole one half miles, though this is not the actual height of the mountain peak with the motto "This Is Virginia." The thirteen members of our speech class, made the hills. The site of the problems and situations

The Peak is one of the best known peaks in West Virginia. It is one of the highest points of the Allegheny Mountains which is the source of the Ohio River. The story of its naming is quite interesting. It is said that a visitor to the area in the early days of the settlement of the area named the mountain "Cumiber" because it was a prominent landmark. Over the years, the name became "Cumber." West Virginia?

"The Peak is in sight. It is justly called the "Peak" because it is the highest point of the area. The Peak is one of the most popular hiking trails in the state. The view from the top is breathtaking, offering a panoramic view of the surrounding mountains. It is a popular spot for photographers and nature lovers.

The Peak is a significant landmark in West Virginia's history. It is believed that the first white man to see the Ohio River from the top of the Peak was Thomas Walker, a surveyor for Virginia. He is said to have named the mountain "The Peak" because it was the highest point in the area. The Peak has been an important landmark for settlers and explorers for centuries, serving as a guidepost for those traveling through the region.

Have you ever heard of a mountain peak with the motto "This Is Virginia." The thirteen members of our speech class, made the hills. The site of the problems and situations

The Peak is also a popular spot for climbers and mountaineers. It is a challenging hike, but the views from the top are well worth the effort. The Peak is a reminder of the beauty and majesty of the Allegheny Mountains, and of the importance of preserving our natural resources for future generations.

The Peak is a symbol of the spirit of West Virginia. It is a reminder of the hard work and determination of our ancestors, and of the values that define our state. The Peak is a testament to the fact that we are a people who are proud of our history and our heritage, and who are committed to building a better future for ourselves and our children.
Weather Favors College
Official Weather Bureau records indicate that this climate here in Wise compares very favorably with that of other parts of Virginia. This is especially true during the hot summer months, when summer school is in session. Weekly summaries are issued by the Weather Bureau and are sent out each Wednesday on the Bulletin Board.

Some typical examples follow: For the week ending June 7, Waze had 72 degrees, and June 8, 75 degrees. Spring showed the lowest maximum temperatures in the state, 79 degrees. For June 14 our maximum was 80 degrees, the lowest in the state. For June 22, 80 degrees, for the state. For June 28, 80 degrees, by far the lowest maximum. During this period Charleston had 82, and Hopewell 100.

The July 5 report showed Wise, with a high of 83, again the lowest. Richmond had 93, Roanoke 93, and Charlestonville 81.

The July 6 report showed Wise, with a high of 83, again the state. For June 28, 80 degrees, by far the lowest maximum. During this period Charlestonville had 82, and Hopewell 100.

Forty-eight twice. The 40's at night: Once and the summer. And on the lower folk 08, Roanoke 93, Charlottesville 08.

BARTER
(Continued from Page 3)
playwright, and member of the company committee of the United States National Commis­ sion for UNESCO. He made menci­ on of the grant in the Saturday edition of the New York Times. The grant is to be used by the United States National Commission for UNESCO, which is the American affiliate of the United Nations. It is unique in that it will remain almost entirely on private foun­ dation. Neither the Federal Gov. nor the state, nor the Barter Theatre, has any control over the grant.

"The Barter Theatre of Vir­ ginia" pledges itself to combat the evils that would destroy the national and international character of the world by giving the best of its strength and devotion to the world's spiritual, cultural, and educational goals. It is the largest professional cam­ paign outside New York City. It can produce ever presented at the National Institute of Dramatic Art, founded by Royalty Shakespeare.

PERFORMANCE ABROAD
The Barter Theatre presenta­ tion of its version of "Hamlet," on Kromebuff Cha­ lannes (Elizabethan), was the first American produc­tion ever presented at the National Institute of Dramatic Art, founded by Royalty Shakespeare. In 1939, Mr. Porterfield set up the Barter Theatre of Virginia Award. An acre of land near Abing­ don, a ham and "a plate to eat it off of," is given for outstanding performance, by an American actor or actress during the current season. Among the distinguished local owners are the late Laurele Taylor, who won the award for her performance in "Hamlet," Dorothy McKee, "Life With Father," "All My Sons," "The Corn is Green," Mildred Naylor, "Biography," "The Ides of March," "Magnifican­ cy," "Henry." Of course, "Happy Birthday," "Home," "My Three­ Siders," "River Bobby," "The Unholy March," "The Autumn Garden."
