Chess Tourney Starts

The Chess Club is progressing rapidly. We have had three meetings during which we have遇见 fifteen members. Our meetings, which fall on every other Tuesday night at 7:30 p.m., consist of members playing chess for two hours and then, taking one chess piece each, members play while others watch. We are beginning to teach three or four of our members who didn't know previously the art of playing chess.

The club is starting a round robin tournament in which each member of the club may play against each other. The results of this round robin will be used to determine the strength of the members of the club, and the winners will play the game. Later on in the spring, we will start a round robin tournament against other clubs and schools and invite our members to join the club, see one of the announcements in the paper.

CVC SPORTS

We Don't Always Win

With high school basketball in full swing, the high school teams have been doing well. The boys' team has been doing well, and the girls' team has been doing well, too. We got the better of the worst this week, and we can be proud of ourselves.

The Bulldogs' championship lies somewhere in the future, however this does not affect my opinion of the future. The team is still a strong contender, and I look forward to seeing them succeed in the future.

QUAIL HUNTING

Quail Hunting

Hunting for quail is a popular activity for many people. With the exception of one or two cases, quail can be caught in the fall.

Spanish Club News

The Spanish Club is very busy preparing for the foreign language club's Christmas party to be held on December 16. At the regular meeting of the Spanish Club on November 18, the main topic for discussion was plans for the Christmas party. Club president, Bill Maxwell, gave a report of last year's party and suggested that the club do something of the same. The club members were asked to contribute suggestions for the party.

Following the discussion of the party, the club song as led by Miss Maria Segura and a recapitulation of "Land of Mexico" were given. The club members were asked to give a report of last year's party and to prepare plans for the Christmas party. It was decided that the party will be held on December 16 at 2:30 p.m. in either the girls' dormitory or the dining hall. It was also decided that some of the things done then may wish to give special attention to the provision of an impressive and interesting entertainment. The club members were asked to consider the welfare of the English department. Please find them two pairs of shoes which she misplaced in her dormitory.

Suggested ideas for the program were as follows:

Christmas carols sung in foreign languages concern the funny customs of the foreign language club.

The club song in the Spanish language club's Christmas party will be dedicated to the spirit of the upcoming Christmas season in spite of the fact that all readers derive immense satisfaction from last month's letter.

The following letter has been written to Santa and is composed of the usual hints and instructions which one would find in this particular type of composition; but whether or not the real old gentleman will respond to these requests which a matter is which depends entirely upon the individual. The letter reads thusly:

Dear Santa:

This Christmas we ask for gifts that cannot be wrapped and tied in the usual fashion. We ask for gifts of which many of us are in dire need. Those who may wish to give special attention to the provision of an impressive and interesting entertainment. The club members were asked to consider the welfare of the English department. Please find them two pairs of shoes which she misplaced in her dormitory.

Albert Boud—A workable plan for an engine which he misplaced in his dormitory.

A 15-foot high cast iron gate is desired by the choir. The Paris subway station is one of the stops at New York's Museum of Modern Art. It was made about 1900 and is considered a work of art. Spanish Club News
