Our Gang

The inner workings of the Highland Cavalier are a must of exciting minutes, in what might seem to the outsider, hell, but which in fact means a lot of work and a lot of fun. The members have their own kind of computer brain at their disposal, and a network of the school body.

To acknowledge our sources when we think of it is a good idea to bring back a few names that everyone should become acquainted with.

First of all the whole staff. We must start by saying that there are many more people who work on this paper than can be included in this article.

The paper is free to all students. It is published twice a week during the school year. It is also published once a week during the summer. The Highland Cavalier is published by the Business Administration Department and the faculty and students involved in the project.

This is the place to thank the all the members who work on this paper. The Highland Cavalier is the place where the school's members can express their ideas and opinions. And the Highland Cavalier is also the place where the students can learn about the world around them.

Dear Henrietta,

I was involved with a party I was involved with, but I’m In love with their son who is twelve. I should like to get him home he gets mad and flies off the handle. IWhat should I do?

In a normal way. Maybe you had better go with him.

You had better see a psychiatrist about him. He isn’t behaving normally. I would like him to know that you have a job awaiting you and that you approve of married women working. Maybe this financial encouragement will do the trick.

If everyone else has thrown in a hint for you and he hasn’t, that would be the turning point. Maybe you had better go with him.
