CVC Expansion Underway

Another dream of CVC has come true. Construction of the new dormitory, held here, is now in progress. Before this dream became a reality, a long battle was fought for the appropriation of funds by the Virginia Legislature. This battle was lost, but this did not stop the plans of a new residence hall of Clinch Valley College. A group of men, including President Almond, fought for this money to be borrowed from the state. The new dormitory will be named in honor of the late Joseph O. Zelma Mullins, who was one of the foremost leaders of the school. The construction will begin in the fall, and the dormitory is expected to be completed by the fall of 1980.

Freshmen Orientation

The orientation program for the freshmen entering Clinch Valley College was designed to complete and best prepare them for their academic and social lives in the school. The orientation began on September 8th and ended on September 12th, with a farewell dinner sponsored by Dr. Robert A. Comett on September 12th. The freshmen were divided into two basketball teams, one for the North and one for the South. The North team won the championship.

Story And Poetry Contest Opened

A short story and poetry contest will be sponsored by the Clinch Valley College. Three cost prizes will be awarded in each event: first prize is $7.50, second prize is $5.00, and third prize is $2.00. The deadline for entries is December 15, 1960.

All entries must be original and typed, double spaced. Each entry must be typed in the left margin of the paper and must be signed by the student. The name of the student must be placed on the first page only.

IV. All full-time students are eligible. Any entry may enter except with the exception of the editor of the Highlander, Robert E. Wilson. V. All entries become the property of Clinch Valley College, and the student will have no rights to the entries. The first place winner will receive a cash prize of $75.00, the second place winner will receive a cash prize of $50.00, and the third place winner will receive a cash prize of $25.00.

The fair was a complete success, and the students and faculty were pleased with the outcome. The fair was sponsored by the Student Council, and the proceeds will go towards the purchase of new equipment for the school.

A Word Of Explanation

There are rules at CVC which may seem to the freshmen, impenetrable and unnecessary. I am referring to the rules, that no one is permitted to participate in any sports on the campus other than those of CVC. This rule may seem unfair to the freshmen, but it has great value. As a head, CVC College, where most of the students try to develop a true and understanding spirit of school, we have no outside loyalty, and the chance are that we are developing vigorous school spirit. Another important reason for this ruling is that when we enter the doors of CVC, we enter into a new and very large life. We are taking a step towards understanding of the life of Clinch Valley College's own, and trying to build a house of a phase of life that has not been passed through and which will not be captured.

The Student Council made the ruling in the best interests of CVC College, and we are very grateful for this decision. Because this is a rule, let us all abide by it.

Point System For CVC Emblems

To increase fellowship and participation in the Club activities and intramural sports at CVC, the student council, in consultation with the professor of physical education, has established a point system to those students whose interest and participation in school organizations will warrant such an award. A point system has been set up to reward the students for their efforts.

Dear Editor,

I was returning from lab., I had an extreme temperature in my ankle, and fell into the ditch. I was returned to the college, who wished to transfer me to a hospital for observation. I found myself seated in a car with four persons, one of whom used profanity and cursing. I was forced down to endure the common inspections of each room by members of the administration. This incident is not isolated. There exist many other similar episodes that occur daily in the men’s dormitory, and one is the practice of opening doors of rooms without permission. It may be stated that the dormitory does not glow with a soft candlelight atmosphere of fellowship among the students. It is a minefield of obstacles and hassles such as the frequency of inspections, which are random, and the close supervision of the students by the administration. This system of control is not geared to the needs of the students. It is equipped with a Kafkaesque bureaucracy that makes it virtually impossible for students to function normally. The system is designed to discourage every form of social interaction and to create a climate of fear and anxiety. The administration has been forced to implement this system due to the lack of resources and facilities to provide adequate, safe, and comfortable living conditions for the students.

Yours sincerely,

P.S. This is not a one-time problem. This is the type of behavior that will never be treated as such so long as you continue to behave in this manner. The students are the victims of your actions, and your type of behavior will not be tolerated nor will it be excused. You are not the elite intelligent, thinking, responsible people that you claim to be. You are the non-thinkers, the primary cause of this problem. Be careful to avoid the “non-thinkers” every time you drive through this area. Thestatt of the Highland Collegiate Spirit is only as strong as the students who choose to ignore this so-called “liberal” education and the “liberal” professors who contribute their time to it. Our loyalties are to American students, and we will continue to support our national spirit until our classmates and others are saved. We urge you to amend your system of support and cooperation with the “non-thinkers” in order to develop a more organized and structure for this college. We are here to serve you, and we will continue to do so in any way that we can. We urge you to consider the safety of the students and the future of this college.

Sincerely yours,

ED Note—If you are troubled or confused by your personal problems, write to the Highland Highlander, Clifton Valley Drive, Rockville, Va. Your letters will be answered as promptly as possible.

Dear Henrietta,

I am 20 years old and have just entered college. The boy I like is very attractive, but I get mad and don't call me for dates. What should I do? What is wrong, but I don't want to lose him either. What should I do?

Confused Dear Confused,

Don't take any chances on "losing" him. Give him the air and he'll catch pneumonia from the freeze. H. H.

Dear Henrietta,

I am a student at Clifton Valley College and I like a cute little chick. But she digs another and real gone on this chick and I want to know how can I get her to "dig" me most?

Real Gone

Dear Real Gone

Buy yourself some of those "smokin' hot" girls to keep you warm. H. H.

Dear Henrietta,

I am 20 years old and very experienced, but my mother told me to be careful of men with mustaches. Is there any truth to this? Bewildered
