Concerning Most Beasts At CVC

Beastly Day was a laughing success. One could not help but notice the abundance of wildness, weirdness, coolest looking group of "beasts" ever assembled under one roof. Type of beast personified, and antsy that were impossible to make CVC look like an institution for the mentally deranged.

Student Council President Speaks

November 11, 1960

SO OPENING SPEECHES TO ADMINISTRATION, FACULTY AND STUDENT BODY.

The Student Council would like to take this means of expressing their appreciation for the wonderful cooperation in making Beastly Day a day that will not soon be forgotten. A number of people had to be led from the House of Horrors before completing the tour. No one can blame them. As they entered the House of Horrors they were greeted by pitch blackness and frightening silence. Then suddenly there were screams, some laughter, from the occupants of the House of Horrors. Then the tour started. Their tour guide, the mad hatter (Don Earls). The mad hatter (Ballard Williams) is appointed to lead them. In the back of the crowd you can find the Bashful Count (Larry Bates) and his dog (Buddy). The Count is appointed to lead them. The famous tour guide was confined in a tomb like environment. His tour guide, the mad hatter (Don Earls), was elected for a term of three years. The first meeting of the Wesley Foundation was held on Tuesday, November 22, 1960. Rev. Baker gave the opening prayer, and Mr. Joe E. Baker, Jr., President, the keynote address. The members present were then requested to sign the membership book. The following officers were elected: President, Mr. Larry Brock; Vice President, Mr. Alvin Poe; Secretary-Treasurer, Mr. Chuck Brown. **Letters To The Editor**

**Concerning Hump**

Mr. Editor:

I would like to register a mild complaint about the hump in the road at the base of the hill and the corresponding curb near the fire alarm box.

The hump is not the only problem. The curb in front of the fire alarm box is practically nonexistent. Those of us who use the sidewalk cannot stop there because we will hit the curb with our feet or our bicycles. People walking with dogs often cannot pass at all.

This is a very serious problem that needs to be addressed.

Sincerely,

**The Director Speaks**

I should like to see our city maintain the attractiveness of the hills. I am very disappointed in the condition of the hills. I feel that our city should do something about this to improve the appearance of the streets.

**An Open Letter to Dean Jones**

November 18, 1970

Dean Jones

Chairman, Board of Regents

Valley College

Dear Dean Jones:

I am writing to express my concerns about the current state of our campus. I believe that our students and faculty are working hard to make this institution a better place to learn and work. However, there are some issues that need to be addressed.

Firstly, the facilities are in urgent need of repair. The buildings are old and in poor condition. Many of the classrooms are overcrowded and outdated.

Secondly, the administration needs to be more responsive to the needs of the students. They need to listen to our concerns and work to address them.

Lastly, I would like to express my support for the expansion of our library resources. Our current collection of books and materials is insufficient to meet the needs of our students.

I believe that these issues can be resolved with some effort and resources. I urge you to take action to improve our campus.

Sincerely,

Henrietta Heartburn

Dear Henrietta,

I am a sophomore at Clinch Valley College and I am in love with two girls. I think that you would understand what I mean. I have been in love with one of them for quite some time and I think I really love her. However, my mother forbids me from dating her. What can I do?

Thankfully,
Dearest Henrietta

P.S. I would never tell my mother anything! She doesn't like to hear about my romantic pursuits.

CVC Basketball Outlook

The Intramural teams are in the process of preparing themselves for the season. Each of the boys teams have already arranged dates and the girls have the gym reserved for their practice. The teams are getting extra practice for the benefit of the local high school squad.

A brief look at each squad will give you an idea of what the teams seem to be doing. We have our first big game to play this year and this is what the teams expect to be throughout the season.

The West has Watson Wright, a retardate from last year's Infra-structure team. This little bit will be the star this year. The East will have W. S. Mason, a forward who is expected to be a leader for the home team.

COACHES WALKER

I love In love, and I think I really have got a problem. If I were you, I would let things work out for themselves. The letter that you write is very confusing, and I think you may also be confused. Think it over in your own mind, then make a decision.

Sincerely Henrietta

If you have love problems, send them to the editor of the Highland Cavern.
