Too Much Surplus

The government holds $16,143,700 in surplus on products, minerals and other commodities in national stockpiles, Senator Harry F. Byrd reported. The biggest item is $7,441,700 in farm commodities accumu-

lated under the price-support program. Senator Byrd also reported that $5,701,000 in one month, last

Students Have Food Problem

The students living in the dorm at C. V. C. have a severe food problem. Mrs. Wright has given us a very short supply of food, which is barely sufficient for the C. V. C. Snack Bar. However, the Social Committee has been

served to meet the needs of growing boys and girls going to college. They have soup beans and cornbread and have been known to have fancy delicacies. We have been accustomed to eating beans and potatoes in the high school cafeteria, not so in the dorms.

Notes From the Student Council

The Student Council met to discuss the possibility of improving our current food situation. We need to enroll more students this year and support our current food problem so that we can improve our situation.

Chess Club News

Chesapeake College has been going strong, with seven board students joining the University's chess team. A tournament was held on May 5. The C. V. C. team was unable to field a team. Any person interested in playing chess may join the team by playing enough games to be rated.

Chess games are also super-

ative and enjoyable, and the Chess Club is sufficient.

A person must show an in-

terest in Chess in order to join the team. He must be willing to improve his skills in the game of chess.

It is possible that with enough

Chess Club

At the end of the semester, the Virginia State University Chess Club was invited to compete in a national chess tournament. The team of eight members from the university was selected to compete based on their skill and experience. The team will consist of the best chess players from the university. Any person interested in playing chess must compete against the team in order to qualify.

The selection of the closing of

CVC Scholarship

Approximately one hundred and three scholarships were awarded to CVC students this semester. Several of these scholarships were part-time, covering a part of the expenses for tuition, books, and fees. Others covered more, not all of the tuition and other expenses.

Seventeen students had Nor-

1. A review by Miss Patricia

2. A waiting period of approximately two years between high school graduation and college

The defeat would be similar to that experienced this past Saturday when the All-Stars outgunned the Bluefield College 67-32. Clinch Valley J. V.'s defeated J. J. Kelly varsity 39-28.

The scoring for Clinch Valley J. V.'s was: V. L. Williams with 10 points, J. L. Ford with 9, and J. H. Moore with 7. J. J. Kelly, however, did not fare as well with the scoring: J. J. Kelly J. V.'s had no points.

Throughout the game, the Clinch Valley J. V.'s scored with the easy lay-up shots, and at the same time, the Bluefield College J. V.'s were unable to make the lay-ups.

The Editor

Dear Mr. Editor:

I should like to register my protest against feminine move- ment with the description of "women's work" or the "natural pursuits of womanhood." The women of today are not the same with the women of the past. They are no longer content to be housewives that know nothing about domestic work. They have also assumed many roles that used to be exclusive to men. Women are no longer confined to the kitchen or the nursery; they have ventured into the public sphere, seeking positions in fields that were once thought to be exclusive to men.

This change in societal roles has been accompanied by a change in attitude towards women's work. Gone are the days when women were seen as mere extensions of men. Now, women are viewed as independent individuals with their own interests and goals. They are no longer expected to conform to traditional gender roles. Instead, they are encouraged to pursue their own passions and careers.

In conclusion, the term "women's work" is no longer appropriate. It is time for us to recognize the contributions of women in all fields and to value their work as much as that of men. Only then can we truly appreciate the progress that has been made in the past and the potential for the future.

Sincerely,

[Signature]

A man is not old until he stops young as he was when we were vice, but my problem is my husband should change?

Dear Worried Wife,

Dear Mrs. Heartburn,

I was very disappointed the other day when I found you were ill because I hadn't bought you a birthday present. I know it's my husband's Day now, Henrietta, I really didn't have the money to spend, but I thought the best thing I could do was to show her with affection, so I bought her a present. What do you think?

Dear Puzzled,

It made my hips look too large.

Dear Mrs. Heartburn,

If you're so smart, why "ain't" you? It is unusual for a man to do, but the girl who swears she has never been kissed has a right conscience.

Dear Worried Wife,

I tried to explain that women of this age have the money to splurge, so I do, but the girl who swears she has never been kissed has a right conscience.

Dear H. H.,

I was very disappointed the other day when I found you were ill because I hadn't bought you a birthday present. I know it's my husband's Day now, Henrietta, I really didn't have the money to spend, but I thought the best thing I could do was to show her with affection, so I bought her a present. What do you think?

Dear Puzzled,

It made my hips look too large.
