SAFE DRIVING DAY

CVC Soccer Team

The Clinch Valley Soccer team reached its pinnacle of happiness at Charlottesville during the annual games by downing the University of Virginia by a score of 1-1. This victory thrilled the boys probably more than any other because it was the first time for Clinch Valley ever to best the University.

It looked very dim for Clinch Valley for the beginning, as the University jumped out to 2-2 lead in three innings. Clinch Valley scored two in the fourth and two more in the fifth. The sixth inning string of three runs tied the score at 5-5 going into the last inning. The Highlanders batted home two runs to take the lead. This effort seemed futile, however, as the Green and gold tied it up at 8-8. Clinch Valley scored two in the ninth inning, taking a 11-9 lead. This proved to be the winning margin for the University of Va., could only muster one run.

We all owe a special vote to Jim Lipsa who coached the team and to Coach Whales for his assistance. We are exceptionally proud of our boys who have represented the University played the following day for the State College Championship. The members of the softball team are: Buddy McDonald, Tony Case, Mike Spalding, Larry Hill, and Mike yarn. Baseball players are: Royce Johnson, Second Base. Don Maehl, Second Base. Hugh Busch, Short Stop. Steve Hubbard, Third Base. Pete Moore, Third Base. Dennis Porter, Outfield. "..."

NATURALLY
Small boy scowling over his report card aid to his dad: "Naturally, I seem stupid to my teacher; she's a college graduate."

There was a success, considering the fact that it was the television debut of all the participants.

Chess Team

The Clinch Valley College Volleyball team walked onto the gym floor at U.V.A. and displayed some of the finest ball playing that would ever be expected of such a small team from a small school.

The team consisted of six players and none of them were any taller than 6'11". The players were John Daniel, Wayne Phelps, Winston Ely, Jerry Wolfe, Dick Humm, and Bobby Charlie.

In the first game the Highlanders had a hard time getting started, but this soon ceased as the C. V. O. team began to roll and won the first game 14-4. It was a different story in the second game. The Highlanders won the first set and then on in was all Clinch Valley as the score added up to 21-9 in favor of the Highlanders...

The C. V. O. team played against a much taller team, but this only made the Highlanders try harder. The C. V. O. team also displayed great team spirit, team spirit, and the desire to win as they walked off with the best two out of three games and brought home a well deserved victory for their school.

The Admissions Committee had beem discussing the case of a student who was rejected by the university. It was highly probable that this student would be recommended against the student because of other students who were also rejected. The applicants believe that the committee is acting with too much haste and that the student is being unfairly treated. The committee has been accused of acting on the grounds of a College Admissions Committee is remiss in their duties. It is highly probable that this student was unfairly discriminated against and should have been accepted.

Deans are more than pleased with the reception of Dr. Bodensteln at the Virginia Council. His participation in the Admissions Committee acts more than inherent differences and thought show that the white inferiority of the white system is more than expected.

The story of the caste system is a history of the biracial of democracy in the United States. The caste system has been practicing in all parts of the bones system of the Virginia system. The caste system is a system of discrimination and prejudice that has hindered the progress of America. The caste system should be recognized and must judge individual on the basis of their actions and not the color of their skin. The Admissions Committee acts more than inherent differences and thought show that the white system is based on strikes and prejudice. Editor's Report To CVC Students

This is the ninth newspaper to be published at CVC for the academic year. It is the result of the hard work of the students, faculty, and staff who have contributed to its creation.

Calling all students, faculty, and staff: this newspaper is a reflection of the work and dedication of all those who have contributed to its production. Each issue is a testament to the commitment of our community to the pursuit of knowledge and the advancement of scholarship.

For students: this newspaper is your voice. It is your opportunity to share your thoughts and ideas with your peers and the wider community. We encourage you to participate in the publication of this newspaper and to contribute to the development of the Exchange Department.

For faculty: this newspaper is your platform. It is your chance to share your research and insights with your students and the wider community. We encourage you to continue to support the Exchange Department and to provide guidance and mentorship to the students who publish this newspaper.

For staff: this newspaper is your creation. It is your opportunity to showcase your skills and your passion for journalism. We encourage you to continue to support the Exchange Department and to provide guidance and mentorship to the students who publish this newspaper.

We welcome your contributions and your feedback. Please let us know how we can improve the quality and impact of this newspaper.

Sincerely,
[Your Name]
