Dedication Of Gym Planned Nov. 19; Full Weekend Slated

Starnes, Gabriel Are Elected Freshmen Rups To Council

Basketball Game With Bluefield

On the weekend of November 19-20, CVC will receive a long awaited present, the Fred B. Greear Auditorium-Gymnasium. This building is the real product of an idea first conceived in 1956. The present age foresees a career that will not be the last year we have the club.

Record Registration Of 318 Reported

The Administration of Clinch Valley College announced shortly after registration that a record number of 318 full and part time students were enrolled for the fall term.

The number of students registering represented a noticeable increase of approximately fifty students over the preceding fall term. Not only was area enrollment increased, but for the first time in school history, a considerable number of out of state and area students resided. Among this group came students from Pennsylvania, West Virginia, Massachusetts, Iowa, Wyoming, and Eastern Virginia.

The registration period from September 11 to September 18 was more highly organized to handle the increase in student numbers, but on several occasions the volume of students swamped advisors, business office, and other vital areas.

Included in the registration process was an orientation program. Freshmen were introduced to campus life in four phases. A student handbook was also issued to all freshmen. Intended to quickly acquaint the new student to all facets of CVC life, the book contained a list of campus organizations and athletic programs. An explanation of the honor system was also included in this handbook.

CVC Cheerleaders To Enliven Games

The Clinic Valley basketball cheerleaders were chosen Wednesday, September 27. The captain of the cheerleaders is sophomore Carol Otho. The new cheerleaders are Judy Chadwell, Peggy Bailey, Brenda Pratt, Karen Benko, Ramona Addington, Phyllis Short, and Rebecca Presley.

Men disturbate, but nature reciprocate.
That's the way the world is. We must accept it; we can't change it. We might as well try to find an energy that is less destructive, more meaningful, and more productive in the world of today. We can't keep on living the way we are, but we can work to change the way we live.

Seventeen months ago, I was a member of the Virginia Tech police force, and I am now a member of the Tuscaloosa High School police force. We have achieved our goal of reducing the crime in our community by 40%.

**Honor System Must Remain**

If it is true that the honor system is the backbone of any educational institution, then it is clear that we must continue to support it. The honor system is the foundation upon which we build our academic success.

**Bee Met Dry Humor Elmer Able To Rest**

The students in my class are very satisfied with the new honor system. They believe that it is a fair and just system that is designed to help them succeed.

**BSU Organizes, Officers Chosen**

The students at our university have elected new officers for the BSU organization. The new officers are dedicated to improving the organization and ensuring its success.

**La Voix De Solitude**

I write this letter to express my thoughts and feelings about the world we live in. It is a world where people are struggling to survive and to find meaning in their lives. It is a world where we must be vigilant and aware of the challenges that we face.

**Postscript**

The world is a challenging place, but it is also full of opportunity. We must work together to make it a better place for all.
