CVC’s Library Takes On A New Look For Spring

The library has been rearranged in order to provide the students with additional room for study and research. On the top level a browsing room has been set up with current magazines, newspapers, new books, and ready material. The boy dormitory has given two extra chairs and smoking will be allowed in this room only. Students and faculty may stop by to smoke a cigarette, and read the newspapers and magazines.

New stacks have been added to allow expansion of future reference books and magazines. The individual study carrels have been selected from those available, and it is believed that the students will find them satisfactory. Magazines still will not circulate and will be used by students in the library.

The library staff hopes that the new arrangement will provide more usable and pleasant space for all. It is urged that the library be used for quiet individual study, and for empty classrooms for group study, discussion, debate, and academic bility.

Library staff of this division consists of Mrs. Helen Lewis, Dean of Men, Jeanette Kennedy, Mary Lou Beverley, Fred B. Greear, Barbara H. Hardin, and Dorothy Horstmy.

$20,000 Given By Colgate Darden To Sponsor Lecturers

Mr. and Mrs. Colgate W. Darden, Jr. recently donated $20,000 for the advancement of outstanding scholars and students, and for the improvement of the program for the academic year 1962-63. The endowment will be used to bring out the purpose of the current program and that this dream will become a reality.

New Honor Court To Be Chosen By Freshmen

Elections for school officers and members of the court are to be held Tuesday, February 12th. Previous to the elections candidates will have the opportunity to present their platforms to the present honor court. The candidates which will be chosen are as follows:

School of Education: President, Kathleen Kern, Roger Viera, Vice-President, Terry Rhodes, Members of the Court, Sandra Barnett, Patty Johnson.

Plans For Science Building Underway

For the past month there has been activity on the new science building. All who have seen the plans for the new building have been very favorably impressed. The plans for the new building have been approved by the Board of Trustees and are now under construction.

Dormitory Students Take 11 Of 34 Listed

The following students have been selected at this time, with a grade average of "B" or above in the 16th annual Achievement Awards of Clinch Valley College for the Spring Semester 1962-63.

LANGUAGE LABS

The new language lab equipment will be ready for use in the very near future.
Con Clinch Valley College Ever Enjoy School Spirit?

Our school spirit is lagging behind in academic circles. It seems to be based on a two-paper system, with the second paper being required by the administration to be written by all students. However, we're a community college, and our main goal should be to provide education and not just entertain ourselves. If we continue with this trend, we might as well stay at home.

In the first place, when some people were in high school, everything revolved around the athlete. Now, these people have grown up and gone on to college, and we're trying to convince ourselves that this is a good deal in "having fun" without taking our school spirit seriously. If you're in college, you're probably not in high school anymore.

Dear Editor:

As one of the students in the English 101 class, I'm writing to express my concern about the spirit of competition and what is happening in high school. It seems to me that the only thing that matters in high school is winning.

In the past, when some people were in high school, they were competitive and did their best to win. Now, these people have grown up and gone to college, and we're trying to convince ourselves that this is a good deal in "having fun" without taking our school spirit seriously. If you're in college, you're probably not in high school anymore.

The spirit of competition is what is happening in high school. It seems to me that the only thing that matters in high school is winning.

New Donations Of Books Made To CVC Library

The Reverend Palter Gardner of St. Andrew's Catholic Church in Norton has given the Chinlcy Valley Library a number of new books. These books are concerned with three themes: Psychology, Philosophy, and Economics. The following is a list of these books.

The Atomic Energy Commission's Peace Corps Director, the Rev. Robert G. Mays, has been appointed to the Peace Corps. 

Mr. Mays has been serving in the Peace Corps for the past 31 years. He has been at Oak Ridge for many years.

The Peace Corps is a government agency that sends volunteers to help develop countries around the world. Mr. Mays has been a long-time supporter of the Peace Corps and has worked closely with them over the years.

The Peace Corps is always looking for new volunteers to help with their work. If you are interested in volunteering, you can find more information on their website.

Students Enjoy Shaw's "Pygmalion"

Shaw's "Pygmalion" is a play that tells the story of a man who transforms a young woman into a well-spoken lady. The play is a classic and has been adapted into several movies and musicals. 

The play was performed at the CVC Science Building and was attended by many students. The audience was captivated by the actors' performances and the play's message about the power of education.

CVC Contributes To The United States Peace Corps

Marion Lee (S ) Davidson is a well-known student at Chinlcy Valley College. She has been involved in the Peace Corps for many years and has made a significant contribution to the organization. 

She has been selected to receive the Peace Corps Medal and is expected to be honored at a ceremony later this year. 

The Peace Corps Medal is a prestigious award given to individuals who have made outstanding contributions to the organization. 

Mr. Davidson has been a dedicated Peace Corps volunteer for many years and has worked in several countries, including India and Vietnam. She has received numerous awards and recognition for her service.

She is expected to receive the medal at a ceremony later this year, which will be attended by many dignitaries and members of the Peace Corps. 

The ceremony will be held at the Peace Corps headquarters in Washington, D.C., and will include speeches and performances by members of the Peace Corps.

The Peace Corps is a government agency that sends volunteers to help develop countries around the world. Mr. Davidson has been a long-time supporter of the Peace Corps and has worked closely with them over the years.

The Peace Corps is always looking for new volunteers to help with their work. If you are interested in volunteering, you can find more information on their website.

Serving The Area Since "1902"
