Hubert Hall is Elected Lt. Governor At Circle K Convention In Roanoke

On Friday night, April 16 at 6:45, 1965, the Appalachian Regional Sociologist of the Western Region held its fourth annual convention in Roanoke. The theme of the convention was "The Role of the Sociologist in the Appalachian Region Director." The purpose of the convention was to bring together the sociologists of the region to discuss problems and issues that affect the Appalachian region. The convention was held at the Roanoke Auditorium and was sponsored by the Appalachian Regional Sociologist of the Western Region.

New Highland Cavalier Staff To Be Announced At Banquet

On Monday, April 16th at the Inn of the Vines, Wise, Virginia, there will be a banquet to announce the new Highland Cavalier staff. The banquet will feature a guest speaker, who will be announced later. The event is being held to celebrate the birthday of Thomas Jefferson, Father of the University of Virginia.

The Shenandoah Valley Club has already been making arrangements for the banquet, and the new staff will be elected after the banquet. The event will start at 7:00 p.m. and will feature a dinner and speeches. The banquet will be held at the Inn of the Vines, Wise, Virginia.

A New Twist—No Just An Old-Fashioned Barn Dance

On Friday night, April 16th, at 6:45, 1965, the Appalachian Regional Sociologist of the Western Region held its fourth annual convention in Roanoke. The theme of the convention was "The Role of the Sociologist in the Appalachian Region Director." The purpose of the convention was to bring together the sociologists of the region to discuss problems and issues that affect the Appalachian region. The convention was held at the Roanoke Auditorium and was sponsored by the Appalachian Regional Sociologist of the Western Region.

CVC Plays Host To Visiting Astronomer

Doctor Peter van de Kamp noted astronomer of Sproul Ob- servatory, Stanford College, Penang, was guest speaker at the Two Colleges, the C.V.C. officers, and the Astronomy Club held a meeting on "The Nearby Star", April 16th at 6:45, in the C.V.C. March 28, 2015, and 31. In that meeting, which was on "The Nearby Star", Dr. van de Kamp, a man with a quick and direct nose as well as being a scientist, stated, "The only reason we can see the earth is that it serves as a wonderful light for photographic records. "The best program of the evening was by Dr. van de Kamp, a man with a quick and direct nose. He talked about the earth as a "Living Laboratory."

Science Club Officers Elected

Bex Pennington has been elected the first president of the C.V.C. Science Club. Bex was elected secretary in the C.V.C. Club meeting. The officers of the Science Club are chosen by the members of the steering committee among their own members. The steering committee was chosen at the March 19 meeting of the club. In addition to Pennington and Bass, other officers elected to the steering committee were, Steve Burtley, Larry Massey, Kaylee Franklin, and Lee Lee.

The steering committee is the board which plans the programs of the science club. Plans have been made for the next two meetings of the club.

Outpost Editor To Be Named Soon

"The Outpost" will hold its regular meeting at the point of 6:45, April 16th. On this occasion the editor of next year's yearbook will be named. All staff members who have been working on the new book will be present.

Founders' Day Observed At CVC

The Honorable Waldo G. Miles, governor of the Commonwealth of Virginia, will sponsor a banquet for its staff and students on April 16th at 6:45. The highlight of this banquet will be the celebration of the birthday of Thomas Jefferson, Father of the University of Virginia.

The event will feature a guest speaker, who will be announced later. The event will be held at the Inn of the Vines, Wise, Virginia. The banquet will start at 7:00 p.m. and will feature a dinner and speeches. The banquet will be held at the Inn of the Vines, Wise, Virginia.

Local Science Fair Winner Gets Honor

Oberla K. Knight, a winner in the county's area science fair, will present his project at the Appalachian Regional Sociologist of the Western Region Convention in Roanoke. The project is a study of the "Effect of Light on the Growth of Plants." The study was conducted under the supervision of Mr. J. B. Smith, professor of biology at Clinch Valley College. The study was presented at the local science fair in Wise, Virginia, and was awarded the first prize. The study was then presented at the Appalachian Regional Sociologist of the Western Region Convention in Roanoke, Virginia, and was awarded the first prize.

Folk Music Concert At CVC

Miss Jean Ritchie gave a folk music concert at the CVC Library February 28. The concert was well received, and again at 6:30 was a journey into the pleasant and enriching world of the modern folk singer. Although Miss Ritchie has accompanied herself on an old-fashioned dulcimer and plays the autoharp, she prefers to sing without the artificiality of the modern microphone. She was accompanied on the piano by her husband, who is a professional musician.

To Studying Music

Theater, New York. Personal appearance at C.V.C. here on February 28. The part of Miss Ritchie was offered shortly after she graduated, and she has been there all the time. She and her husband have appeared in many programs as folk singers, including British Isles, Paris and again at 8:00 was a Journey to the United States and Canada.

Folk-singing is only one of the many accomplishments Miss Ritchie has been told, you wouldn't have to find. Finally he did find it, Mom—funny not to have noticed it when she had curled up to the books be would need to take under the aquarium. Now he was there all the time. He made the accent enough. Almost made it.

Since then Miss Ritchie has been on both radio and television in the United States and the British Isles, including such well-known programs as Folk Singing, Folk-Hunting and Cotswold Music. She may also be listed among her accomplishments forC.V.C. students get the same thorough training of many of today's top folk singers.

The Barry Theatre Opens New Season

The Barry Theatre in Abingdon, has started another fine season of off-Broadway productions, the Barry, which was founded during the great depression, under the theme "drama and food," being the only Barry Theatre in the south, is responsible for the "basic" training of many of today's top branch of the American folklife society and the National Science Foundation. Carolyn Kier.

Science Club to Go On Oak Ridge Trip

The Virginia Tech College of Science Club is sponsoring a trip to the Oak Ridge National Laboratory, which will take place on May 11, 1963. A maximum of 50 students and other interested students will leave early on Saturday morning and return late the same night. The trip is expected to be both educational and entertaining.
