Senator Long Speaks At
Founders Day Program

The Founder's Day Program was held in the gym, Tuesday April 5th. The gym was full of the eager students, happy to have been chosen to either help or relax in order to hear the important message Senator Long was to follow. The dignitaries (one could tell they were dignitaries because they wore suits and were not faculty members) came into the gym.

Mr. Smiddy started the Founder's Day Program, by expressing his appreciation (to Dean Russell) for the film "tunrma."

Mr. Smiddy thanked Dick Richmond, Orby Castrell along with others. Mr. Smiddy made his plug for the Wise County School Board.

The G.A.I. club sang two songs and went much better than the support they have been getting. After the music, Mr. Smiddy introduced Dr. Joseph Vaughn, Chancellor for Community Colleges, Charlottesville. Dr. Vaugh was brought up to the Wise County School Board.

A new club has recently been instituted at C.V.C. Under the sponsorship of Mr. Lewis, some students formed a dancing group, and began to hold their weekly meetings on Wednesdays at night, from 7:30 P.M. to 10:00 P.M. Much planning has already been done, and the group has been slated for May 10th, and will be active in Virginia, West Virginia, and the Carolinas.

A new club has recently been introduced at C.V.C. The club is known as the "Founders' Day Program." The club was formed with the sponsorship of Mr. Lewis. The group is comprised of a dancing group and began to hold their weekly meetings on Wednesdays at night, from 7:30 P.M. to 10:00 P.M. Much planning has already been done, and the group has been slated for May 10th, and will be active in Virginia, West Virginia, and the Carolinas.

Spring Formal

The annual Spring Formal has been advertised for May 5, 6, 7. The ticket prices will be $4.00 per couple, $3.00 for the single, and $1.00 for the student. The ticket will include dinner and dancing will be held in the campus gym. The event will be sponsored by the Student Senate.

Clubs news

Appalachian Volunteer

Tom Rodemeyer, field editor of the Appalachian Volunteer, was at Clinch Valley Tuesday, April 5, to speak to the students of the Appalachian Volunteer Program. Below is an article from the Appalachian Volunteer Program in Eastern Kentucky. The program is still the same, but will now have another location in West Virginia, and Tennessee also. This attempt to abolish poverty in the United States may seek to destroy the pestilence and that which the poor are afraid of, together with the change in social reality which gives rise to the poverty in the first place. It is clear that there is a spirit, an atmosphere, that can be seen in the entire society.

"Upward Bound" Summer Program At C.V.C.

A grant of $65,000 for an Upward Bound Summer Program at Clinch Valley College has been approved by the Office of Economic Opportunity. This project is designed to give high school students the opportunity to develop as well as to gain general knowledge of the opportunities.

Students from the counties of Wise, Lee, Russell, Scott, Dickenson, and Buchanan have been selected to participate in the Upward Bound Program at Clinch Valley College.

The students, who will be completing the tenth grade this spring, will participate in extensive eight-week summer programs on the Clinch Valley campus. The students will then be accepted into high school the following year. The students will then be required to attend school during the summer, and upon completion of the program, they will be eligible to enter college.

New Changes At C.V.C.

C.V.C. has a new addition, a new!!! We need about 300 more, but one is a start.

We're out of song, again!!!

The last show is between now and the end of the semester.

"It's Spain!!!!!!!!!"

Volunteer (continued from page 1)

their own needs, their issues, their problems in a language they can understand and relate to. Individual counseling may be found in what is called Just PDS, a computer program which consists of a series of phases designed to improve self-esteem and confidence. It can be found by all. Any lack of self-confidence can hinder the success of the volunteers. The attainments of a total lack of good grooming includes such as the following:

1. Personal appearance
2. Hair
3. Dress
4. Hygiene
5. Posture

Good grooming may be attained by all. Any lack of take care for your personal appearance can be found for a long time. Of course not for a few months, and again, when you browse at PDS, where

For Men Only

Good grooming by no means attains all. Every woman owes it to someone. But, they are not there, to look at her best at all times without being a slave to fashion. A woman can wear and look to it only modestly, and within the limits of fashion. Not only apply to the look of color, but one must choose colors that last for all occasions. The Victoria "that is an improvement for the color in the last few years and is reflected, possible by no one to clothes to cars to home appliances.

Certain brands such as Jonathan Logan (America's top advertising agency) and Carol Rogers (America's best styled dress) are always leaders in style and quality. Good garments always look their best in worn with the more comfortable undergarments. Platek (America's most highly advertised underwear and Movie Star (America's most popular undergarment) are, of course, dressed an air of comfort and informality to do and be her best. Your'll find these garments where the newspaper is as well. Like CVC students are always welcome. Come in and see us.

Wise County’s First Air-Conditioned Ambulance (Continued from Page 1)

Wise County’s first air-conditioned ambulance was ready for use on March 10. Charleston's City Council approved the project last year, and the ambulance is expected to be in service by May 1.

The ambulance will be staffed by a team of experienced paramedics, and it will be equipped with the latest medical technology to provide high-quality care to patients in need. The ambulance will be stationed at the county’s main hospital, where it will be able to respond quickly to any emergency.

The ambulance is a critical component of Wise County’s emergency medical services system, and it will help ensure that patients receive prompt and effective care. The ambulance will be available 24 hours a day, 7 days a week, and it will be able to respond to emergencies in all parts of the county.

The ambulance is expected to cost approximately $150,000, and it will be funded through a combination of federal, state, and local government sources. The project has been in the works for several years, and it has been a high priority for the county’s leaders.

In conclusion, the Wise County’s first air-conditioned ambulance is a significant step forward in providing high-quality care to patients in need. The ambulance will be a critical component of the county’s emergency medical services system, and it will help ensure that patients receive prompt and effective care.
