New Class “DROP” Policy Initiated

The office of the Academic Dean recently announced revisions in the College’s policy on drop courses.

Effective this Semester (Spring 73-74) a longer period of time to drop classes will be allowed. Also a student is no longer to obtain the approval of the instructor of the class he wants to drop. The procedure is now simplified and requires the student to discuss the drop with his advisor and obtain the advisor’s signature indicating the consultation has occurred. However, the signature of the advisor does not indicate approval or disapproval, only that the student is permitted to discuss the situation with his advisor.

To initiate the dropping of a course the student must first obtain a drop add form from the Registrar’s Office. He desires he may discuss dropping the course with the instructor but this is not required. He then needs to consult with his advisor and obtain his advisor’s signature indicating the consultation has occurred. The student can then obtain the drop add form from the Registrar’s Office. The Registrar’s Office will process the drop and return the form to the instructor of the course that the drop was approved.

For this Semester the following will be effective for
donning dropped classes: For in-
dividual courses dropped before April 16, a grade of “W” will be given. For individual courses dropped between April 16 and May 2, a grade of either “WF” or “W” will be given at the discretion of the instructor. Single courses may not be dropped after May 7. - A student who withdraws from all courses before May 7 will receive a grade of “W” in all courses; a student who withdraws from all cases after May 7 will receive grades of either “WF” or “W” in all courses and may not enroll in anyClinch Valley College for the following semester.

Editor’s Note: This new policy is designed to offer the student more flexibility in his choice of courses without simply disappearing from class and not signing. To protect the student’s record the student’s record will be the record of the instructor.

No longer does the student have to face his advisor with the threat of trice dropping his class before dropping a class or out of school. Those who fail to take advantage of this leisurely way could possibly have a record of failure which could haunt them.

Welcome Back To The Great Graveyard On The Hill

Hollins Students Assist With Strip Mining Study

Three students from Hollins College, Roanoke, Virginia are spending this inter-semester short term at Clinch Valley College helping with the effect of strip mining on families of the area. Other students from Clinch Valley, VPI, and East Tennessee State have initiated a study of the people involved.

The study is part of a larger study by the Citizens Committee to study strip mining and the final report will be presented to the Governor and his Committee in order to let them know the problems and benefits of surface mining and people’s opinions about it.

The Hollins students, Amy Koch, Kris Patek and Nancy Linder are statistics majors and in addition to helping with interviewing will tabulate and analyze the data when the interviews are completed. Other student interviewers are recruited by the students interested and willing to help with the study. All interested students Hollins students or Helen Lewis in Social Welfare (Room 204 Adb. Bldg.)

Appalachian Seminar Studies Religion In Appalachia

The Appalachian Seminar will get underway on Wednesday night, January 30th from 7:00 to 9:00 p.m. with an interesting program in religion. The class will meet every Wednesday evening and study the development of religion in the Appalachian region.

The seminar will meet every Wednesday evening and study the development of religion in the Appalachian region. In a statement from the Social Welfare Department, which sponsors the Seminar, the presentations were described concerning their content and intent as such:

Well Done Estudiantes

To The Highland Cavalier

The Registrar’s Office would like to express its appreciation to all students for their cooperation in the recently-completed registration. The procedure was orderly and there did not appear to be excessive delays for any student. This was possible only because the students followed the appointment schedule that was prepared for them.

UVA To Offer Karate Course At CVC

The South- west Virginia Regional Center of the University of Virginia’s School of Continuing Ed- ucation, offering a non-credit course in karate or self-defense. The course is open to men and women and is designed to develop new methods of self-defense.

The class will meet at Clinch Valley College, Room 209, Lah- mer Building. Registration is set for Thursday, January 25, 1973, at 7:00 p.m.

The instructor for the course will be Mr. Bill Price. He is a Master Instructor and holder of the Black Belt in Karate. Price was an Instructor of defensive tactics with the U.S. Marine Corps and the Virginia State Police Training Center. He has studied and practiced Karate for the past ten years. Mr. Price and several of his students will provide a Karate exhibition at the registration meeting on January 25.

The origin of Karate is thought to have been in China about 1500 years ago. It was developed to help people in self-defense during their travels. The art of Karate dates back to about 1500 years ago. It was developed as a means of self-defense among people who wereexclude from various programs such as a conference or writing people who came to the mountains were victims. The main goal will be to fill those gaps. Another goal will be to establish a little more community education. The class will work at bringing people into the class or taking the class out to various churches or parts of the community to share experiences with other people. All local clergy are invited to come and participate. Each student will be involved in projects that will help alleviate various problems such as a conference on self-defense or providing speakers and may even a reference to the police for help.

Everyone is welcomed but all who come will be expected to take part in the program. A schedule of events will be published in the near future.
