Dallas-Vietnam-

Watergate: A Decade Of Deceit

On November 22, 1963, President John F. Kennedy was killed in Dallas, Texas. Why did most of the eye witnesses believe that the shots came from the front when the alleged assassin Lee Harvey Oswald was positioned behind the motorcade? Why does the Zapruder movie taken at the scene show the President being shot from a direction inconsistent with Oswald's position? Why is the material concerning the death of President Kennedy sealed in the National Archives until the year 2037?

Mark Lane, lawyer and author of the best selling book and film Rush to Judgement and co-author of the book and film Executive Action, is the foremost critic of the Warren Commission and the most knowledgeable investigator into both the conspiracy to assassinate John Kennedy and the resulting FBI and CIA coverup. He is the only investigator who testified before the Warren Commission regarding his own exhaustive study of the assassination.

Mark Lane will be lecturing Thursday, October 16th on the campus of East Tennessee State University Center, 7:30 p.m. This lecture which includes a showing of the suppressed Zapruder film, is a must for everyone who is concerned about the state of the nation a decade after the assassination.

The Magic Number

On September 13, Judy Charlene Shortt became the 1,000th student to register at Clinch Valley College in its 1975 fall semester. Miss Shortt is a teacher at J.J. Kelly High School and is a former CVC student who received her bachelor's degree in mathematics in 1974. She enrolled this semester in a computer course being offered especially for teachers in Wise County who will be involved in

the computer terminal system that was recently installed in the county high schools.

The total enrollment at the College stands presently at 1098 students including 679 full-time and 419 part-time students. The total figure represents a 38.4 percent increase over the total for the 1974 fall term. This is the first time in the twenty-one year history of Clinch Valley College that the enrollment has exceeded 1000.

John Kennedy Assassination Reopened

by J.J. Kennedy
Guest H-C Editorialist

Almost 12 years ago President John F. Kennedy was assassinated in the prime of his political administration in the streets of Dallas, Texas. Today the assassination of John Kennedy has stirred new interest as the Senate Committee on this subject has begun to uncover CIA and FBI knowledge of the assassination before it actually

occurred. Only 18 percent agreed with the Warren Commission Report finding that it was a lone Lee Harvey Oswald. 61 percent said they didn't know. 18 percent weren't sure but there should be a new investigation. Fully 51 percent said the assassination was a conspiracy. This Kennedy entered the U.S. Office with a reputation that no might possibly be had by any man. He had the number one record in a 1960 election and his brother Robert had managed to alienate some of the most powerful pressure blocks in the country. Mr. Robert waged war against crime with his Justice Department Organized Strike Force. John Lee on the so called "industrial complex" with as much zeal as he encouraged Defense Secretary Robert McNamara to reassert civilian control over the general in Pentagon after a Bay of Pigs invasion and promised to "split the CIA in a thousand pieces and scatter it to the winds."

Congressman Thomas N. Downing of Hampton, Virginia introduced legislation in Congress to form a House Select Committee to conduct full and complete investigation and also of the circumstances surrounding the death of John Kennedy. Congressman Downing now has a co-sponsor in the House and the legislation pending in the House Committee. Congressman Downing introduced his bill to reopen the investigation after seeing a motion picture of the assassination taken by late Abraham Zapruder. The Zapruder film says ex-Mar Lane told the entire story of what really

Some have felt that Fidel Castro ordered the assassination of John Kennedy as revenge to the American government for the Bay of Pigs. CIA report according to the final report issued by the Warren Commission shows allegations of a conspiratorial contract between Oswald and the Cuban government were investigated.

It is difficult to explain in complete detail what the film shows but you can see Kennedy grab his throat and start to lean forward as if being shot high in the back. A second or two later you see John Connally's face distort and he starts to crumple into his wife's lap. Then with the President bending forward with his head thrust slightly up, he suddenly bolts upright and backward as his head literally explodes. His body slams back against the back of the seat and then bounces to the left toward his wife, states Congressman Downing.

Cuban renier Fidel Castro about this incident in a recent interview with writer Kirby Jones. It is very interesting that this man Oswald who was loyal to the assassination traveled to Mexico a few months prior to the assassination and applied for a permit at the Cuban embassy to travel to Cuba and he was not given the permit. Castro said: "But I ask myself why a man who commits such an act try to come here. Sometimes we ask or give if someone did not wish to involve Cuba in this because I am under the impression that Kennedy's assassination was organized by reactionaries in the United States and that it was a result of a conspiracy. Castro concluded.

Many believe that the Zapruder film is the starting evidence for a new investigation to find out who was involved in the conspiracy to kill President Kennedy. In the interest in the assassination climbing steadily, Cam ridge Survey Research pollster Pat Caddell decided to put just that question to the American public. Respondents had to give their own answers, no specific

President Gerald Ford is having a difficult time in dealing with a war or a new investigation into the Warren Commission Report. The Warren Commission Report The more current Rockefeller report reaffirms the Warren Commission Report. It is just damn as we the people see what is coming to light with the most current investigation of the Intelligence Community. The issue will hit him as a candidate for President in 1976 as the greatest issue to be resolved springing from the Watergate dilemma. Reopening the investigation into who really killed President John Kennedy is an essential step if the American people are to have a chance of re-establishing faith in our governmental process. Or as one young political activist put it in proper English: "cut out the Bicentennial bullshit, tell you can tell us who killed JFK because we don't believe what we've been told so far. The official version of what happened on 11/22/63. And if we can't get at the truth then at least we'll know that the American Dream is actually a nightmare."

Clinch Valley College men Volleyball team

The status of Volleyball has increased tremendously since it was adopted as an Olympic in 1964. Volleyball was to develop in this country because of its image as a nonstrenuous game in which a ball was lobbed back and forth across a low net. Today the game of power volleyball demands a player who can dive for a ball to recover his opponent's attack and jump high above the net to block or spike a moving ball into his opponent's court. Power Volleyball differs from recreational volleyball in the amount of organization necessary for the more refined application of team strategy and individual skills. During the past few years new standards of volleyball training and performance have emerged to test the speed, strength, endurance and coordination of the best athletes. The sport has begun to assume a position of importance in the eyes of students and athletic departments throughout the country. In 1969 the National Association of Intercollegiate Athletics adopted volleyball as an official NAIA championship sport and held its first tournament at George Williams College in Chicago. In 1970 the National Collegiate Athletic Association (NCAA) and the division of girls and women's

sports held national championships. In 1971 Clinch Valley College began the rankings of a power volleyball team for women. In the following three years 1971-1973 the team won three third place victories in area small college tournaments. 1974 promises to hold a brighter future for the women's team at CVC. The team will be competing against Radford, VPI, SU, Hollins, Milligan, Tusculum, Virginia Intermont and Salem. In addition to competing in a small college tournament to be held at Emory and Henry College in November. The team will play approximately 14 matches before entering the state tournament. The Head Coach for the team is Doris Kilgore and the Assistant Coach is Akbar Fakhar, a CVC student from Perdue. Kathy Kearney, a CVC student from Florida is the Team's Manager. The team members for the 1975 season are Jill Adams, a Junior from Norton, Va.; Lynn Austin, a Senior from Ft. Paul, Va.; Anna Baker, a Junior from Clinchwood, Va.; Debbie Barnett, a Senior from Imboden, Va.; Vicki Boggs, a Senior from Clinchwood, Va.; Donna Carter, a Sophomore from Norton, Va.;

Sue Cochran, a Junior from Dante, Va.; Debbie Hale, a Sophomore from Ft. and Va.; Eula Rhoden, a Junior from Jewell Valley, Va.; Sherry Stanley, a Freshman from Round Bay, Germa Wallace, a Junior from Hurley, Va.; and Jennifer Yates, a Freshman from Clinchwood, Va. Women's Volleyball Team Spikes Opposer With Milligan. In the first match of the season Clinch Valley's first team was never able to get ahead even though the score was tied many times and found themselves losing two close games 15-11, 15-11. In the first game Sue Cochran and Anna Baker were the only players scoring points on their serve. Cochran scored 7 points and Baker 5. In the second game Cochran scored 2 points, Baker 1, Boggs 2 and Barnett scored 5. The second team found themselves winning the best two out of three games in an exciting match 15-14, 15-9. Sherry Stanley in the third game of the match scored 12 straight points to lead the team to victory. The next home match for the volleyball team will be Monday, October 29 at 5:00 in the CVC gym. The team will be competing against Tusculum and Clinchwood Colleges.
