Nuclear Powered Brothers

Guest Editorial
A few weeks ago some problems came up here on can^His with the older Fm-temity, the Phi Sigma Kappas. An Bditorial by this paper's Editor in Chief, Gaiy Qose caused some hard feelings to come visibly to the surface. Recently several new events have put a whole new light on the subject of the Flu Sigma Kappas.

(1) the picnic grounds must be oced as a buffer zone by the oril^e. (2) i W pcqulaon of Wise must be ariven into the sea (Va Beach perferably).

Some ome ago a small shipment of plutonium was discovered missing from the Oak Ridge Breeder Reactor System disposal facilities. Fx a kHig period of time F^ederal Government Agencies in diaige of the investigation assumed that the theft of the nuclear waste was the wonic of the FLO or possibly of JDJs and maybe even a reborn SLA nMvement.

(3) FinaOy the FVatemify House must be ghen up by the college because of its religious signifigance of the Kappas. Heie point of this notice is not to notify the students about the situation but to pose the question of whether we can survive with so many nuclear powers in the area. One tias to wonder what the group will next gain nuclear potential? If Brent Kennedy attained the bomb, would females overrun the campus? Even worse, what would happen if the Collie Republicans had the power?

After many hours of detective work it was discover^ed that none of these initials had anything to do with the theft. In *Td&ty* the IEK did the deed.

Dear Sir:
I should nice to comment on the article by "Editorial Staff" who writes in the first person singular. I believe he called it "Thinking Out-loud".
At the meeting to whidi "Bditorial Staff" refers, I

merely asked two questions: (1) If the Student Council President is able to get high-calibre people to serve on the Honor Committee, why can't he get them to tun for office? <2) If the elective process cannot be trusted to choose capable Honor Com-

mittee members, how can it be relied on to select a Student Council President who is capable of selecting the Honor Committee? Perhaps "Editorial Staff" wiO umeas his facile if somewhat ungrammatical pen on these questions.

Peake Comments On Honor

Dear Mr. dose:
In your editorial cocceming the honor Bystero, you suggested that mv views on the system were me same as those of Mr. Henson and Mr. MaxweU, and that aU of us are of like mind in advocathig a system that is a slavish imitation of that at U.V.A.

Psihaps I should not object to being placed in such illustrious company, but I must, since toy view of the honor system at C.V.C. differs considerably from theirs, although I fiink we are all in agreement on one impoitant pdnt: An hmor awstem cannot work unless the students themselves support and administ^ it.

My opposition to Tony Granam's plans for the honor system you duiracterized as an effort to insure that U.V.A.'s system be maintained at C.V.C. Nothing could be farther from the truth. C.V.C.'s honor system does not function as did the honor system Iknew as a student at U.V.A. Neither does the system currently in being at tte University. Means may differ, I tate it, but honesty remains honesty, a lie remains a lie, whether at CharlottesviUe or at Wise.

I opposed Tony (kaham's plan because I suicerely be-

lieve that danocnK^ - fn* all its flaws - is prafeFBble to dktalorship. Honiv cannot be Imposedfirmnabove by a few well-meaning students, especially if they are aided by administraton or faculty. Iie sludoits of C.V.C. must administer their honor system, if it is to Amctkm at an. If the students refuse to support their honor system, then vre must - I believe - abandon the idea of an bono-system altogether.

I have been a student at and taught at many sdiools other than U.V.A. An effective honor system can contribute to a pleasant campus atmosphere. The alternatives to an honor system of are unpalatable, but trom experience I know that an honor system not supported by the student body is worse than no honor system at all.

If our students cannot support an honor system of

their own choosing, then we bad beat Oqpeaae with hypocrisy and admit that we have a community of students «4io must be piriced by imposed authority.

Fta^one, however, Icannot support a system that is putiaUy student run and partially nm by the college administration - a hodge-podge of honor. Either C.V.C. students lun their ho(K)r system or someone else must bniNXse a system that recognized the lack of honor among us. Hie unpleasantness of the latter alternative should encourage C.V.C. students to support their honor system better than they have hi the past few years.

Sincerely yours,

Rickard Peake

Dear Editorial Staff:

What's this about me h-posingranrviews on Clinch Valley Cfollege? I have trouble impoigib a stamp on a post card. I perceive you're uffing the common political hidiof calUngtyrannicalany views conbaity to your own.

What really annoyed me about your recent article "Tliinkiig OuUoud" Sept. 18, was your bureaucratic, carpetba^ing, imperialUsUc attuude toward the students of Clinch Valley College.

According to your artide, students at CVC couldn't possibly know anything about honor, distinguish right from wrong, partidpate responsibly in elections, or know anytMng about legal rights, due process, trial by peers, or appeal, because they are not pettifog^ng lawyers! I must say, rve never seen a worse display of vulgar worship of authority than hi fltat anide. Hie very idea Uiat you should say Mr. Jefferson would be prouder if you sttniped student elections and curtailed student responsiUity to maintabi Uie spirit of honor!

Honors Program Called Vague

by Gary Close

Apparently because of problems last year, the Academic Honors guidelines are under review. A committee made up of Jo Cleek, Doug Elosser, Joe Scolnick, Leslie Peterson and chaired

ing above the 75th percentile of the Undergraduate Program of ETS in the students discipline or "other criteria which the nominating department would justify." The major problem with the system according to Blackburn is its vagueness.

In order to cut costs, the newspaper has dropped daily circulation *bxm* 15,000 to 12,000 copies, which are distributed free around the campus.

Starting next week, regul- ar dassified ad rates wUfbe dunded for untversity no- ties of meetfaigs and *Mm* announcements that pre- viously were piinted free.

Vitez said the Cu^iaper Star-Exponent, wtildi iwuits the paper, reduced prmtfaig costs by about \$20,000.

Salanes have beoi paid to Cavalier Daily editors since the late 1940s but were abolished in 1970-77 by the student activities committee headed by an associate dean of studoits.

Salaries Were RelnsUted
Hie committee reinstated salaries on a so-called "trial basis" last year and fonudly niled against them again last OHring. A student referen- dum resulted to a 2-to-1 vote, against paying wages.

Last year, 27 Mitors re- ceived a total of 18,000 In salaries, Vitez said. More than 100 students wnfec in various phases of the news-

litor-tai-dtief receiv- ed the top salaiy of \$90 per month. Members of the

managing board were paid \$75 monthly, department editors \$40 monthly and associate editors 120 month- ly-

Reporters were rot paid. Advertising salesmen and photognqiharB were on com- mission.

Raises Planned
The editors plan to give themsdves raises and the total outlay for salaries this year is opected to be be- tween \$8,000 and \$10,000, Vitez said. Details <a *meat* have not yet wnfecedout.

Hie newspaper will con- tinue to have its <^oes fai Newcomb Hall, he said.

Hw editors have met sev- eral tianes with admInlsto- tors over the shift to financial independence, and the pa- per's management is consi- dering addiSonal action that

A View From The

By: Mari (Sehiff) Ua
 The intramural softball program started with a bang last Thursday with plenty of sunshine and oodles of games. As in the past, the question in everyone's mind was who, if anybody, was going to beat the Tigav, perennial intramural champs in almost everythnff.

Despite a lot of speculation to the contrary, the opening of the season did not produce the expected Tiger runawMT. Hurt 1^ the absence of a couple ci key players, the Tigers strugglea in almost ev<y game. They did, however, win enoui^ to stay near the topfaikiddng towards the playoffs. Their main H-oblBns had to do with untypical fielding lapses and the faiabUity to get dutch hits.

The most startUng news of theyoongseasonnad to do with the Deadwoods, a team of relative unknowns who first came within a baircrfupsettfaigethehighhr regarded Fwrs Cheek's team and the cominfrbeck and dumping the Ttgn later the same day. The Deadwoods don't sem to have the greatest talent in the world but have shown a ideasurefiil aUUty to get and make the big plays. They could be a fraroeto be redumed with come playoff ljme.

The Fed's CbeA team

has undoubtedly the best running team mth a large amattering of power throughout the Uneup. Last year's champioos, however, have been not as awesnne looldns as mij^t be eqiected' and have Sad iiljunr problems. A repeat fai the idayoffs wiU be

two bate win have a tooc^ time also, with the Phi Sigs looUng fantastio one day and putrid the next, wUle the 'FBS^ have been lacking conristeticy desidte a large amount m taluit induduig a couple of CVC baseball players. Both itatB have had alters natingly good and bad days and may get hot or cold in the pUyoifs. Who knows?

About the only team that doesn't have a shot at the title is RBS, which has a lot of heart bat not O H M ^ base hits. Inconsfatent fielding has cost them in a lot (tf dose mines.

This writer pidce the Tigws. to cop the diamptonsfato bat dim't be too sure. Then are too many unknowns^ to make a iwedlctira on the outecma All that is sura is the fact that theiplayoffs wiUibe ez-dting and uat no one wiU go home feeUng let down Oion^inyl).

The championship results and perh^ an all-star team wul be craning 19 so don't miss it!
