New York journalist John Herbers to visit CVC

Beth Finne
Assistant Editor

This week, CVC will have the pleasure of meeting Mr. John Herbers, a Woodrow Wilson Visiting Fellow. He is the Woodrow-Wilson Visiting Fellow for the Spring Semester, and will be here courtesy of the Chancellor's special student and faculty committee entitled Woodrow Wilson Visiting Fellows Committee.

The committee has the responsibility of meeting and discussing CVC's special areas of interest, contacting the Woodrow Wilson Foundation and then from the biographies or biography sent, deciding which fellow they would like to bring to the college.

The current focus of John Herbers is a contributing editor and columnist for *Governing* magazine, a national publication devoted to state and local government. He has lectured widely about the changing American landscape in demographics, politics, and government. He recently visited France, West Germany,

Poland, and Romania for the U.S. Information Agency, lecturing to academic and government groups on American politics and government.

Herbers graduated in 1942 from Haywood High School in Brownsville, Tennessee. He was inducted into the US Army in March, 1943 and served in the Pacific. He was discharged in January, 1946. In 1949, Herbers graduated from Emory University with a bachelor of arts degree in journalism.

In July of 1949, Herbers joined the Greenwixxi, Mississippi *Morning Star* as reporter-city editor. He moved to the Jackson, Mississippi *DMY News* as a reporter in January, 1951, covering the State Capitol and other beats. Herbers was awarded a Nieman Fellowship at Harvard University for the 1960-61 academic year, on the basis of his Mississippi reporting. At Harvard he studied U.S. history, sociology, and international affairs.

Some of the more notable jobs Herbers has held during his career include statehouse reporter and bureau chief for

United Press International in 1952 and 1953, and reporter for the *New York Times* from 1963 to 1969 covering civil rights, the McGovern-Robert Kennedy's 1968 presidential campaign, and urban affairs, a national beat. He also reported on Nixon's second term of office and the Watergate developments.

The Woodrow Wilson Committee would like to encourage all CVC students, faculty, and staff to be on the lookout for Herbers during the first week of April. He will be adding to his specific

clipses, covering

Institutionally Speaking
By Glenn Stern

McCrary teaches lesson that is found at home

If you are an incoming freshman or a really unlucky upperclassman, you can expect to stay at Club Dred, or better known as McCrary Hall. As soon as one enters the confines of McCrary, they can kiss off Dorm Life for the duration of their stay, for most of the students time is spent avoiding Dorm Security (Boy, that's an Oxy-Moron for you). The prime objective of these formidable law enforcers is to prevent the formation of any underhanded plots, or basically the pursuit of happiness or a decent party. These are the same guys who call for backup when they see somebody using a fire door. Isn't there anything else they could be doing? Maybe investigating the resurgence of cow-tipping.

So what does one do for fun in McCrary-besides doing your homework and going to bed at a reasonable

hour. Well, for our protection, not much. Obviously the administration feels we are incapable of making these earth-shattering decisions ourselves, so the heavy burden of deciding a reasonable curfew was mercifully lifted from our shoulders. Whew! They obviously feel we are adult enough to take on the responsibility of going to college and all the facets of college life, i.e. going to class, nobody telling us to do our homework, etc. But when it comes to the monumental task of when to get off of the girls' side or which door to use after seven-thirty, we lack the appropriate judgement. Terrific. My parents are paying a substantial sum of money, just so that an administrator can tell me something my folks stopped saying long ago. I might as well be making license plates in the study lounge.

If these rules have to be enforced, I'll accept them begrud-

ingly. But what I do not accept is the fact that there are a number of freshmen who make their homes in the Honors apartments who don't seem to be subjected to these Romper Rules. I guess McCrarys are special, and we should be honored that people care about us so much.

But McCrary is my home, the place where I study, converse with my buddies, and lastly get my daily refill of oppression. After almost two semesters of this garbage, I feel I need to be told what to do, how to do it, and especially, what time to do it. Probably for the rest of my life I'll be hopping out of girls' rooms at the stroke of midnight fearing that the Grim Reaper is lurking in a nearby shadow. When I'm finally married, I'll always look both ways before I use my side door - after respectable

...for the rest of my life I'll be hopping out of girls' rooms at the stroke of midnight fearing the Grim Reaper is lurking in a nearby shadow...

door opening hours. For who knows, there could be an officer of the portal police ready to nab me as a repeat offender.

But hey, I came to college to get an education, and an education I got, one that Joseph Stalin would be proud of. Maybe I resent the rules of McCrary because I haven't matured enough to realize that they are for my benefit. Nah. The only type of person who would accept rules as misguided as these, is one who is riddled with apathy and stupidity.

Congratulations CVC. The insidious plot of thinning the already less-than-bloated freshman class is working to perfection. My parents resent the fact that you are doing what they did for nothing. They miss picking on me for free, and they want me home - purely for economic reasons. Decisions, Decisions.

Spiritually Speaking

Break helps us restate our goals

Did you enjoy Spring Break? I did. There was still much to be done. I really only had one day completely free. The break in the routine was very good for me. I am ready to move on to the completion of the semester. I hope you are, too.

Sometimes a break can signal a fresh start, a new beginning. May I suggest a tactic borrowed from the major TV networks? What about calling these closing weeks of the Spring Semester, "CVC Spring Season II?" In this second season, new attitudes and outlooks may be introduced. Now is the time for restating previous goals and taking stock. Perhaps there are some new goals to be set. The idea is to realize the importance of a second chance, a fresh start. That is good news. That is gospel.

World is a classroom for CVC's Mike O' Donnell

Tammy Poole
Roanoke Times Staff Writer

Standing on a desert hillside in Morocco in 1963, Peace Corps volunteer Michael O'Donnell made a decision that would affect the rest of his life.

"I was doing a survey project," he said. "My skin was burned from the sun. I had intestinal worms that I had had for many months. Blood flecks were on the inside of my underwear band from bug bites the night before; and I hadn't had a bath in so long that my body was breaking out in sores.

"At that moment, I said to myself, 'Kid, if you can make it here, you can make it anywhere.'"

Anywhere turned out to be Clinch Valley College in Wise. In 22 years at the college, O'Donnell has been a full-time professor, dean of students and athletic director.

O'Donnell has taught classes in three of the school's four divisions, "everything but math and sciences," and in seven out of the 13 departments. Classes he has taught include French, English, Irish studies, humanity seminars, speech and world cultural geography.

When he's not teaching or solving students' problems, the 47-year-old professor can be found traveling abroad.

His urge to travel began when he visited Spain during his two years in the Peace Corps. "Before that, I was a 19-year-old college student from Jim Thorpe in eastern Pennsylvania who hadn't traveled more than 120 miles from home."

After leaving the Peace Corps, he traveled extensively in western Europe.

In 1973, he gave his wife, Tommie, an atlas and told her to write down

anywhere in the world she would go if she could. "She wrote down several places, and so did I. So I decided, heck, we might as well go around the world."

There were three major places they wanted to visit—the Holy Land, the Taj Mahal and the Valley of Pyramids near Cairo. "We rowed on lakes or rivers in neat places like the moat around the Imperial Palace in Tokyo, the Sea of Marmara in Turkey, the Alpensee Lake in southern Germany and the Nile River."

In western Siberia, he viewed Lake Baikal, which he describes as incredible. "It's over a mile deep and contains 20 percent of all the fresh water [on the Earth's surface]. It was beside eastern Siberia, which was the only thing separating us from the Pacific Ocean."

He usually travels on his own, but went on a tour in Russia. "In Irkutsk, 25 of the 26 people on the tour became desperately ill for five weeks. We had severe vomiting and diarrhea, and were totally without energy. The Russians treated us with black tea and black bread. We decided to go on with the tour anyway. When we got back home, the doctor who examined us found nothing wrong."

Other places he has traveled include Greece, the British Isles, Iceland, China and a Venezuelan mission, where he worked with several close friends who are nuns from Norton.

He has made numerous trips to Ireland and France, often taking students along. "I tell them where I'm going, and

let them decide if they want to go. Everybody pays his own way. I think travel gives us a break from the routine. I feel that I have more to offer students when I

year of graduate study at IU, I got a call from a former CVC academic dean inviting me to apply for a position as a teacher of French. I visited the campus, accepted the position, expecting to stay

perhaps two years. The rest is history."

O'Donnell said he's had numerous job offers for more money, "but nothing that I wanted to do more than stay here and work with the students. I've grown and stayed with it. I look back on it all as a young teacher who had a chance to make an impact and a chance to develop an identity."

As dean of students, O'Donnell says he enjoys working with students and helping them solve or address their problems.

When he's not teaching or traveling, O'Donnell caring for Maeve, his dog; running; cross-country skiing; reading; and watching PBS.

He regularly donates blood and platelets, both locally and in North Carolina, having donated 20 gallons of blood to the American Red Cross.

What's next for this man of the world?

"I'm planning to visit Tibet and Australia this summer. It's going to take time and money, and I'm hoping I have enough of both of them."

Reprinted with permission from The Roanoke Times-News

Photo by Kenneth Adkins

get back."

He has backpacked extensively in the United States, from North Carolina to the Rocky Mountains and Alaska.

"There are four places in the world I never tire of showing people: Paris, anywhere in Ireland, the campus of Notre Dame and my home town of Jim Thorpe."

So how did an accomplished world traveler end up at Clinch Valley College? The journey began when he attended Indiana University on a fellowship from the Woodrow Wilson National Fellowship foundation.

"During the spring of my second

College crimes are often committed by fellow students

CPS—One in three collegians can expect to be a crime victim while enrolled in school, and 85 percent of the crimes will be committed by a fellow student, Dorothy Siegal of Towson State University's Center for the Study and Prevention of Campus Violence told a U.S. House of Representatives panel March 13.

Speaking in favor of a bill that would force colleges to reveal crime rates on their campuses, Siegal testified that 60-to-95 percent of the crimes are alcohol-related.

"You have an awful lot of naive young people coming to a campus who often believe it is a safe place," agreed Rep. William Goodling, R-Pa.

Photo dramatization by Kenneth Adkins & Ray Board

"Big River" is based on *The Adventures of Huckleberry Finn* by Samuel Clemens, more widely known as Mark Twain. The classic story, adapted for the stage by William Hauptman and directed by Curt Wollap, is coupled with the music of Roger Miller.

The action takes place along the Mississippi River Valley sometime in the 1840's. Its story is that of Huck Finn who learns about himself through his relationship with the runaway slave Jim.

For "Big River" Miller won the 1985 Tony Award and the Drama Desk Award. The musical was his first score for the theatre.

The show's music is a happy combination of today's country music and yesterday's barn dances, along with gospel rhythms. Miller's music captures the adventures and spirit of Huckleberry Finn, while highlighting the anguish of Jim.

Miller's hits of the 1960's include "Dang Me," "King of the Road," "Little Green Apples" and "Me and Bobby McGee." His "Big River" score offers such songs as "River in the Rain," "Muddy Water," "I, Huckleberry, Me," "Waitin' for the Light to Shine," and "Do Ya Wanna Go To Heaven?"

Call Pro-Art at (703) 328-2783 for information. Assistance for the handicapped, including an interpreter for those with hearing impairments, is available on request. This production is free to all Clinch Valley College students.

Poetry

"I Dream"

*I am a dreamer it's said
 And I don't deny what's said
 For both you and I know it's true.
 I dream and my dreams are of you.
 I can see us slow dancing
 In the moonlight, romancing,
 Whispering and holding hands,
 Walking barefoot on white sands.
 These are the things of which I dream,
 And always and forever, of you I dream.*

-Valkyrie

Quotes

The harder you fall, the higher you bounce.
 -American proverb

Experience is what you get
 when you don't get what you want.
 -Dan Stanford

The best way to pay for a lovely moment is to enjoy it.
 -Richard Bach

Books are more than books. They are the life, the very heart and core of ages past, the reason why men lived and worked and died, the essence and quintessence of their lives.

Recent drug survey has students skeptical to respond

Shawn Castle
SufiWrUer

Nfany CVC studente and faculty have expiessed concern abom a being conducted l^ the University of Vii;ginia Institute for Substance Abuse Studies Through the Clinch Valley College Wellness Committee.

The survey questions deal with the consumption of alcohol and of other drugs including nicotine and caffeine. Many participants feel the que'ions are too personal and confidentiality may be compromised.

The question of confidentiality is the students main concern. Each survey foim is individually numbered and it is lthe students general belief that diese numbers corvnpnd to the

person redeving the survey.

In a recent interview with Randy Oilmer, Chairman of lthe Wellness Committee, He indicated that thereisnorelationshipbetween thenumbers and lthe naroesof lthe surveygroup. The numbers are used (Mdy to identify the particular series of forms assigned l0 CVC. Mr. Oilmer assured lhal the groups anonimily would be maintained, and encourages students lo complete the survey.

The list of 600 names and addresses of CVC studente selecMd to participate were randomly generated with the computer in the Hewliu Packard Lab.

The results of the survey, Which is talcing place state wide, will be usedilo point out wh(^ needed programsshoulM be set up,and to educateeveiyone on die effects of substance abuse at CVC and across the stale.

Self-fulfillment found through teaching by CVC alumni

Students to discover CVC

Area high school students are invited to visit Clinch Valley College April 21 for discover CVC Day.

Activities begin at 9:00 a.m. and end at noon. Participants, primarily high school juniors, will get an overview of the campus, meet with students and faculty, and take Discovery Tours through each of the academic departments.

At the end of "Discover CVC Day" activities, students will be invited to enjoy the International Arts Festival hosted by Clinch Valley College. The festival offers shows by Ukrainian, African and Vietnamese performers; entertainment by local groups, exhibits, a bazaar, and foods from many nations.

For further information, call George Boigan at (703) 328-1630 or 01Q2.

Deadline for submitting copy to the HC is Wed. by 2:00 P.M.

Valentino to perform jazz

Artist in residence, Vinny Valemino has organized an extravagant weekend of Jazz. The quartet includes world renowned guitarist Vinny Valemino, saxophonist Jim Cotton, Bassist Steve Zerlin and Percussionist Bob Cbrrel.

Saturday, April 21 at 7:30 p.m. there will be a concert held at Mountain Empire Community College in the Dalton-Cantrell Auditorium. Tickets will be \$4.00 each and \$2.00 for students. Proceeds will go to the Students Against Drunk Driving Program at Mountain Empire Community College.

Sunday, April 22 at 12:30 p.m. there will be a luncheon at the Lonesome Pine Country Club in Big Stone Gap featuring the Jazz Ensemble. The price of the buffet will be \$10.00 per person. RSVP by April 2 at 703-523-2400, ext. 204.

Jolin Whack, Wankii; Uavk Wuirs, Historian; and Dwight Jessee, Chaplain. Advisors are Dr. Mike Donathon, Chapter Advisor; Dr. Roy Ball, Ricultly Advisor; Ms. Sharan Daniels, Alumni Advisor; and Mr. Gary Vanover, Legal Advisor. The chapter now has a total strength of 25 men.

March 1, 1990 was a special day in the history of Epsilon Chapter. On March 1, 1980, the Epsilon Chapter of Pi Kappa Phi fraternity, one of the largest Greek-letter fraternities in the United States. To commemorate the 10th anniversary, the brothers and their guests celebrated with a private dinner and a special presentation by Brodier Gary Vanover, one of the charter members of the chapter.

Pi Kappa Phi recruits interested and qualified CVC men on a continuous basis. If you are interested in learning more about the fraternity, talk to Chad Fletcher or any of the chapter brothers and associates.

Leggs to perform in gymnasium

Student activities is sponsoring "Leggs" in concert. The concert will be on April 10, 1990, at 8:00 p.m. in the Gieear Gymnasium. The group offers top 40 music, along with hits of the 80's. Free admission to all CVC students with a valid ID.

French Film and Novel offered

This summer, a course in the French film and novel taught in English will be offered during the first session, June 6th through July 1st at CVC. The course is English 212/312: Topics in World Literature in translation. It is a three-credit course which will satisfy the World Literature General Education requirement.

Roman Zylawy, who will be teaching this class, says that the syllabus will include one work by each of three major 20th century French existentialist writers — Camus, Sartre and Simone de Beauvoir. As for the focus of the course, it will be on the recent traditions of the modern novel and their connection with film.
