Casino night to return to Clinch Valley College once again

Kathy Brown
Staff Writer

“We are bringing a little bit of Las Vegas to Wise. Casino Night should be as much fun as you can have without the threat of getting arrested,” said Todd Gambill, director of Student Activities and Intramurals for Clinch Valley College.

The Student Activities Board is sponsoring a Casino Night on Thursday, November 9, from 7:00 p.m. to 9:00 p.m. The students of CVC will be able to gamble with play money and at the end they will be able to buy prizes with the money that they have left. There will be refreshments and mocktails. The mocktails can be bought with play money for five dollars. Mocktails are drinks without alcohol.

“I hope everyone comes out for an enjoyable night for fun games and prizes,” said Paula McGraw, president of SAB. This event will be at the Alumni Hall which is adjacent to CVC and near the Wesley Foundation.

There are other events coming up. One of them is the Spades Tournament on November 13 beginning at 7:00 pm. in the CVC Cafeteria. Also there will be an Autocross on November 18 beginning at 1:00 pm. in McCrarry Hall parking lot. Each individual student will run a course around pylons competing for the best time.

All students are encouraged to participate in all of these activities.

Zylawy to offer in-depth look at classic and modern movies

Kathy Brown
Staff Writer

Roman Zylawy, professor of French, is offering a three credit course called Introduction to Film: It’s History and Aesthetics. It can be taken as Eng. 316 or Engl. 324.

“I teach this class every two years during the Spring semester. It is limited to 26 students. It will not be offered again until 1998,” said Zylawy.

The class will begin studying the terminology of films and movies. Then, Zylawy will discuss the theories of films and how they are formed to tell a story. The class will also show how every form of artistic, visual, spoken, music, and the artistic composition can be put together on the screen.

Zylawy stated that we place a very heavy focus on the power of vision. He also said that film and movies influence all humans in how we think and perceive the world such as political campaigning and how we feel toward the physical looks of individuals.

He will also discuss the History of Cinema, the different stages from silent movies to stereo; from black and white to color. The movies that the students will be watching ranges from the American classics such as Citizen Kane and Stagecoach to French Films such as Forbidden Games. Other films that will be seen is One Flew Over the Cuckoo’s Nest and the most recent one Seven.

Zylawy will also show the differences between male and female directors. The class will also be writing three three-page papers, taking a midterm and final. Students will also have to purchase a text for the class.

“T teach this class every two years during the Spring semester. It is limited to 26 students. It will not be offered again until 1998.” said Zylawy.

Roman Zylawy will be offering his film and literature class once again this spring. The class will be offered through the office of Continuing Education.

New nursing program turns out graduates

Kathy Brown
Staff Writer

Clinch Valley College’s Nursing program began in the Fall of 1993. During the 1995 Spring graduation ceremonies the program graduated five students and during the summer two were graduated.

“In the nursing program, we have to graduate five students every five years,” said Betty Johnson, department chair of the Nursing program.

Most of the nursing students come from Mountain Empire Community College, Virginia Highlands Community College, and Southwest Virginia Community College, which is the Tri-College Appalachian Nursing program.

“All nursing majors have to complete 36 credits in such courses as pathology, nursing management, and some focus on health care topics.” said Johnson.

Editor comments on Prime Minister assassination

Ron Heffron
Managing Editor

This Saturday another world leader was slain. Yitzhak Rabin, the Prime Minister of Israel, was shot down by an assailant after Mt Rabin had addressed a large audience at the Peres Center for Peace. While he was speaking, a gun was fired. The gunman fled the scene, but Rabin was killed on the spot.

Rabin was a man of peace. He worked tirelessly for the betterment of the Israeli people and the surrounding areas. His assassination is a tragic loss for the world community. He was a leader who had a vision for a better future.

This tragic event has left a void in the hearts of many. It is a reminder of the dangers that come with holding public office. It is a reminder of the importance of peace and understanding.

Our thoughts and prayers go out to the family of Yitzhak Rabin and to the people of Israel. We must continue to work towards a world where such violence is not tolerated.

Editor responds to administration, faculty, and students

Christopher A. Cleen
Assistant Editor

I am sure that many are hung up on comments about the college and its administration. One of the most important things that we must remember is that there are only so many hours in the day. Just remember to take a break at least once a day. The administration is not always right, but they are doing their best.

One of the things we must remember is that there are only so many hours in the day. Just remember to take a break at least once a day. Thank you for your patience.

The Phoebus, a move to their own 39 yard line. With no time left on the clock, the Cavaliers went for the touchdown.

Nursing program underway

Johnson stated that their first priority was to graduate the first class, then seek accreditation in the department through the National League of Nursing. They are looking for the conduction of the self-study in the Spring. Also, they are planning on getting a full flag program at the Abingdon Center. They are also constantly doing assessments to look for improvements. The nursing department is looking in the future toward getting a masters program for the nursing department at CVC.

There are four nursing faculty members: Johnson, with a Doctorate degree, came from UVA where she was the Assistant Dean for Outreach. She stated that she came to CVC to start the nursing program. Charlotte Chase came to CVC with a Doctorate degree from the State of Washington. She has done work in coal mining camps in Poland. She is interested in healthcare concerns. Sheila Schmuck has her masters in teaching. She is from Kansas and has had teaching experience in the Community College program. Lori Sterner has her masters from East Tennessee State University where she had been teaching. She has strong background in Clinical nursing with adults.

Accompanying this article is the newly designed nursing pin that the first graduates would wear. It will be created for the nursing faculty and students. The pin will be worn proudly by all nursing students and faculty at CVC.

April Stidham, a Spring graduate of the CVC nursing program, received a scholarship at the University of Virginia. She is planning on receiving her masters in Family Medicine in the future.
